Independent Auditor's Report

To the Board of Directors Polk Bros. Foundation, Inc.

We have audited the accompanying financial statements of Polk Bros. Foundation, Inc. (the "Foundation"), which comprise the statement of financial position as of August 31, 2017 and 2016 and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Polk Bros. Foundation, Inc. as of August 31, 2017 and 2016 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Directors Polk Bros. Foundation, Inc.

Emphasis of Matter

As disclosed in Note 2, the financial statements include investments valued at net asset value of \$119.2 million (27 percent of net assets) at August 31, 2017 and of \$126.3 million (30 percent of net assets) at August 31, 2016, whose fair value has been estimated in the absence of observable inputs used to determine the market value. Management's estimates are based on information provided by the investment managers. Our opinion is not modified with respect to this matter.

Plante & Moran, PLLC

Notes to Financial Statements August 31, 2017 and 2016

Note I - Nature of Business and Significant Accounting Policies

Organization Purpose - Polk Bros. Foundation, Inc. (the "Foundation") is a private foundation that provides funds to not-for-profit organizations that seek to improve the quality of life in the Chicago area. Grants are primarily made for activities in the areas of building strong communities and strong families and providing quality education, preventive and primary health care, access to the arts, and systems and policies that support individual and community growth.

Classification of Net Assets - Net assets are classified as unrestricted, temporarily restricted, or permanently restricted depending on the presence and characteristics of donor-imposed restrictions. The Foundation's net assets consisted only of unrestricted net assets as of August 31, 2017 and 2016.

Cash and Cash Equivalents - The Foundation considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents. The Foundation maintains its cash equivalents in bank deposit accounts, which exceed federally insured limits. Substantially all of the Foundation's cash equivalents are held at Northern Trust. The Foundation has not experienced any losses in such accounts. The Foundation believes it is not exposed to any significant credit risk on cash equivalents.

Investments - Investments are reported at fair value. Investment income or loss (including realized gains and losses on investments, changes in unrealized holding gains and losses, interest, and dividends) on investments is included in the statement of activities and changes in net assets and is recorded on the accrual basis of accounting. Gains and losses on securities transactions are accounted for using the specific identification method.

Net realized gains and losses from sales of securities and from the sale of shares distributed by certain limited partnership investments are separately presented in the statement of activities and changes in net assets.

The Foundation's investments are exposed to various risks such as interest rate, credit, and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and could materially affect the amounts reported in the financial statements.

Furniture and Equipment - Purchases of furniture, equipment, and leasehold improvements are charged to expense rather than capitalized. As a result, depreciation expense is not reflected in the financial statements. This policy does not have a material effect on the financial statements as a whole.

Deferred Excise Taxes - The Foundation provides for deferred excise taxes, which represent taxes provided on the net unrealized appreciation of investments using a I percent rate for the years ended August 31, 2017 and 2016.

Notes to Financial Statements August 31, 2017 and 2016

Note I - Nature of Business and Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Tax Status - The Foundation is exempt from federal income taxes under Section 501(c)(3) of the United States Internal Revenue Code. As a private foundation, the Foundation is subject to an excise tax of 2 percent on net investment income or I percent if the Foundation meets certain specified distribution requirements. In addition, the Foundation is subject to unrelated business income taxes on a portion of the income provided by certain investment partnerships. Total current federal excise tax expense for the years ended August 31, 2017 and 2016 was \$194,036 and \$145,110, respectively. Total deferred federal excise tax expense was \$207,300 for the year ended August 31, 2017 and total deferred federal excise tax income was \$89,949 for the year ended August 31, 2016.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Foundation and recognize a tax liability if the Foundation has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or other applicable taxing authorities. Management has analyzed the tax positions taken by the Foundation and has concluded that as of August 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Upcoming Accounting Changes - The Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, in August 2016. ASU No. 2016-14 requires significant changes to the financial reporting model of organizations that follow FASB not-for-profit rules, including changing from three classes of net assets to two classes: net assets with donor restrictions and net assets without donor restrictions. The ASU will also require changes in the way certain information is aggregated and reported by the Foundation, including required disclosures about the liquidity and availability of resources. The new standard is effective for the Foundation's year ending August 31, 2019 and thereafter and must be applied on a retrospective basis. The Foundation is currently gathering appropriate information to implement those disclosure changes in a timely manner.

Notes to Financial Statements August 31, 2017 and 2016

Note I - Nature of Business and Significant Accounting Policies (Continued)

In February 2016, the Financial Accounting Standards Board issued ASU No. 2016-02, Leases, which will supersede the current lease requirements in ASC 840. The ASU requires lessees to recognize a right-of-use asset and related lease liability for all leases, with a limited exception for short-term leases. Leases will be classified as either finance or operating, with the classification affecting the pattern of expense recognition in the statement of operations. Currently, leases are classified as either capital or operating, with only capital leases recognized on the balance sheet. The reporting of lease-related expenses in the statements of operations and cash flows will be generally consistent with the current guidance. The new lease guidance will be effective for the Foundation's year ending August 31, 2021 and will be applied using a modified retrospective transition method to the beginning of the earliest period presented. The change will not have a material impact on the financial statements of the Foundation.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including November 1, 2017, which is the date the financial statements were available to be issued.

Note 2 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Foundation's assets measured at fair value on a recurring basis at August 31, 2017 and 2016 and the valuation techniques used by the Foundation to determine those fair values.

Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Foundation has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Notes to Financial Statements August 31, 2017 and 2016

Note 2 - Fair Value Measurements (Continued)

Net asset value inputs include interests in investment companies at year end whereby the fair value of the investment held is estimated based on the net asset value per share (or its equivalent) of the investment company.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Foundation's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Investments in Partnerships and Funds that Calculate Net Asset Value per Share

The Foundation holds shares or interests in investment companies at year end whereby the fair value of the investment held is estimated based on the net asset value per share (or its equivalent) of the investment company.

Notes to Financial Statements August 31, 2017 and 2016

Note 2 - Fair Value Measurements (Continued)

At year end, the fair value, unfunded commitments, and redemption rules for investments held at NAV investments are as follows:

Investments Held at August 31, 2017

⁽a) This category includes private equity, real estate, and commodities partnerships and funds. These investments are not redeemable. Instead, the nature of the investments in this category is that distributions are received through the liquidation of the underlying assets in the funds. The remaining terms of these investments range up to in excess of 10 years. The fair values of the investments in this category have been estimated using net asset value as the practical expedient provided by the investment managers.

Notes to Financial Statements August 31, 2017 and 2016

Note 2 - Fair Value Measurements (Continued)

- (b) This category includes investments in hedge funds and partnerships, which invest both long and short, primarily in publicly traded securities. The fair values of the investments in this category have been estimated using the net asset value of the investments. As of August 31, 2017, all of the investments in this category have passed their initial lock-up periods. Some of the investments in this category include less liquid assets, which may be restricted from redemption until the asset is realized.
- (c) This category includes absolute return partnerships and funds, which invest in a variety of strategies and securities with the objective of achieving an absolute level of return. The fair values of the investments in this category have been estimated using the net asset value of the investments. As of August 31, 2017, all of the investments in this category have passed their initial lock-up periods. Some of the investments in this category include less liquid assets, which may be restricted from immediate redemption until the asset is realized.
- (d) This category includes investments in fixed-income partnerships and funds, which focus on global fixed-income arbitrage opportunities overlaying specified benchmarks, including the S&P 500 index and T-bills. The fair values of the investments in this category have been estimated using the net asset value of the investments. As of August 31, 2017, up to one-half of the investments in this category can be redeemed annually.
- (e) This category includes investments in partnerships and funds, which focus primarily on long-only investments in domestic and international equity securities, as well as investments in international fixed-income securities. The fair values of the investments in this category have been estimated using the net asset value of the investments. As of August 31, 2017, all of the investments in this category can be redeemed daily, weekly, or monthly.

Note 3 - Investments

Investments consisted of the following at August 31:

	2017			201			16

Notes to Financial Statements August 31, 2017 and 2016

Note 4 - Income from Partnerships/Gain from All Investments

A summary of the composition of the Foundation's income from partnerships from their individual tax returns is included below, along with a reconciliation to total gains from all investments:

		2017		2016
<u>Partnerships</u>				
Realized gains (losses) from partnerships Other sources of income from tax returns that are part of the	\$	3,612,349	\$	(1,006,341)
Foundation's unrealized gains		9,575,682	_	12,622,269
Total income from tax returns		13,188,031		11,615,928
Additional change in unrealized gains (losses)		17,534,611		(12,704,355)
Total income (loss) from partnerships		30,722,642		(1,088,427)
Net realized gain from sales of securities other than partnerships		3,480,594		1,256,725
Capital gain dividends		2,565,030		3,440,418
Change in unrealized gain from investments other than partnerships		2,891,086		3,971,150
Total gain on investments	\$	39,659,352	\$	7,579,866

Note 5 - Lease Commitments

The Foundation is obligated under an operating lease for its office space in Chicago through June 30, 2027.

The future minimum lease payments are as follows:

Years Ending August 31	_	 Amount
2018		\$ 74,413
2019		151,300
2020		154,329
2021		157,479
2022		160,871
Thereafter		 822,257
	Total	\$ 1,520,649

Occupancy expense for 2017 and 2016 was \$167,384 and \$230,693, respectively.

Notes to Financial Statements August 31, 2017 and 2016

Note 6 - Grants Approved but Not Paid

The Foundation has conditionally approved future grant commitments of \$14,110,000 and \$15,700,000 for the years ended August 31, 2017 and 2016, respectively. These amounts have not been recorded as liabilities because all grants are formally awarded on a year-by-year basis. In addition, the Foundation reserves the right to cancel a grant at any time if it determines that the organization receiving the grant is not administering the project and grant funds in accordance with the proposal approved by the Foundation's board.

Note 7 - Retirement Plan

The Foundation sponsors a defined contribution 401(k) plan for all eligible employees, as defined. The employees may make elective contributions to the 401(k) plan in accordance with IRS regulations. The Foundation made contributions to the 401(k) plan equal to between 10 and 12 percent of the eligible participants' compensation for 2017 and 2016.

Retirement expense for the years ended August 31, 2017 and 2016 amounted to \$165,479 and \$149,620, respectively.
